COURSE BENEFITS:

WIN AS A PARENT

Being a parent is the most difficult job in this world. As children grow, the digital divide increases the generation gap and makes you a parent feel disconnected. The program helps you understand the online world and its consequences so that you can protect your children and loved ones from potential cybercrimes.

BECOME A BETTER LAWYER

If you are an existing lawyer, you will enhance your cases understandings immensely with this course. This will mean fewer technical mistakes and wider scope of defence.

BECOME A BETTER POLICE OFFICER

The program will enhance your ability to connect, speak and discuss with young children and teenagers affected by cybercrimes. You will learn how to remove their fears, give them courage, and help you gain crucial details of the case that will fasten the investigations.

Course Benefits

BECOME A BETTER TEACHER

Being a teacher is a tough job – and when you understand the new age problems of digital kids, it helps you navigate their world without getting lost. With the skills gained in this program, you may be able to intervene just in time before a crime becomes dangerous for the children, causing harm to both the victims and the reputation of the school.

EXPLORE PART-TIME WORK OPPORTUNITIES

The biggest advantage of this program is this enable you to pick up part-time work opportunities such as:

- Conducting workshop in the schools on cyber safety
- Working as an intervention Office for schools to advise parents and children
- Assisting lawyers on cybercrime cases
- Assisting Doctors, Counsellors and Doctors dealing with Cybercrime victims

You can upgrade your skills to learn Digital Forensics investigation or become a full- time lawyer to enhance full time work opportunities in this area. Both the skills are divers so do not hesitate to learn more from your instructor about these skills.
